

CLARITY MEDICINE

Independent Clinical Trial Navigation for Patients

What We Do

Helping you find clinical trials
that may fit your medical
condition

We help provide an independent
search of worldwide clinical trials
for patients looking for new options
with or after standard treatments

Our Support Includes:

- Independent searches of worldwide clinical trial registries
- Matching your medical condition to trial eligibility
- Checking practical feasibility (travel, tests, visit frequency)
- Simple, patient-friendly medical explanation
- Help communicating with clinical trial sites
- Full support with application
- Ongoing support throughout your journey.

How Much Does It Cost

**Clinical Trial Search and
Eligibility Review
£50**

**Trial Coordination, Site
Engagement and Ongoing
Support
£150 (Optional)**

For full details on what
each service includes
please visit our Website by
scanning the bar code

How It Works

Upload Your Referral Form

Download your form and give it to
your doctor to complete it. It will
include the diagnosis, disease
characteristics, medical history,
treatments received, etc.

- Sign the consent section
- Scan the QR code on the Referral Form
- Upload the report
- Make a secure payment

We Perform the Trial Search

We review:

- Your diagnosis incl. severity, clinical details, scans etc.
- Match your eligibility
- Practical considerations like location & travel

You Receive A Full Structured Report to take to your Doctor

Includes:

- Trials you appear eligible for
- Trials not eligible (with reasons)
- Feasibility notes (travel, burden)
- Suggested next steps
- A letter you can share with your doctor

**We also help with
communications with clinical trial
sites and administrative steps..**

If No Suitable Trials Are Found

This is common and not a failure

You will receive :

- A full breakdown of why each trial was excluded
- A summary of ongoing research & new treatments coming
- Expected dates for future trials
- A personalised re-evaluation plan

**Free monthly re-check service
and if new trials open, you will
be notified at no extra cost**

This keeps you supported and
reduces stress and uncertainty.

What We Cannot Guarantee

- That a trial exists for your condition
- That you meet all criteria
- That a trial site accepts you
- That travel will be affordable
- That the treatment will improve symptoms or extend life

**BUT we will re-search new trials
for you at no extra cost every
month and remain available for
questions, updates, or support
anytime**
